

## Conference Call Announcement

Argus Research will host a conference call for clients at 11 a.m. EST on Wednesday, February 8, 2017. The call is entitled ***Energy & Materials: Wealth-in-the-Ground Assets***.

Argus Director of Research Jim Kelleher, CFA, will host the call, which will be in webinar format. He will be joined by Senior Energy Analyst Bill Selesky, who will discuss the outlook for the Energy industry. Since hitting trough levels one year ago, crude oil prices have recovered and appear to be holding in the mid-\$50s per-barrel range. This has triggered plans for more production and infrastructure investment, but industry participants remains cautious. Bill will discuss his best ideas within a still-challenging (but positive) industry environment. Commodity prices have also strengthened, and Materials Analyst David E. Coleman will offer his best ideas in the Material sector. Argus President John Eade will join Bill, David and Jim in a wide-ranging discussion on these and other topics.

Please note that IMCA has accepted Argus' Monthly Conference Call for one (1) hour of continuing education (CE) credit toward the CIMA/CIMC/CPWA certifications. The program has also been accepted by CFP Board for one (1) hour of CE credit.

The call, as always, will be interactive with a question-and-answer period. We will be recording the call, and a rebroadcast will be available on the password-protected portion of our website.

Slides related to the presentation will be posted on our website the day of the call and also will be available via the webcast itself.

**To register for the call, please see the instructions on the first page of the PDF version of any Market Digest or Market Update report dated February 7, 2017, or later. If you have any problems registering, contact us at [clientservices@argusresearch.com](mailto:clientservices@argusresearch.com) or by calling (212) 425-7500.**
